### Tuesday, Jan. 12

- Northside Middle School: A student and a teacher have each tested positive. After conducting contact tracing, we have identified one other close contact. All involved are now in quarantine and will return to school based on the [protocols outlined here](#). As a reminder, household members of close contacts do not need to quarantine and can keep going to school. Quarantined students will continue with their schoolwork from home using our [Schoology](#) learning management system.
