Wednesday, Jan. 13

- Northside Middle School: Two students have tested positive. After conducting contact tracing, we have identified 23 others as close contacts. All involved are now in quarantine and will return to school based on the [protocols outlined here](#). In addition, due to a recent increase in positive test results at the school, district officials have decided to temporarily close the school until Tuesday, January 19. All Northside students will continue their schoolwork from home using our [Schoology](#) learning management system for the remainder of this week.
- Central High School: Two students and an assistant coach have tested positive. After conducting contact tracing, we have identified 13 other close contacts. All involved are now in quarantine and will return to school based on the [protocols outlined here](#). As a reminder, household members of close contacts do not need to quarantine and can keep going to school. Quarantined students will continue with their schoolwork from home using our [Schoology](#) learning management system.
