Friday, Jan. 15

- Southside Middle School: A student has tested positive. After conducting contact tracing, we have identified 12 others as close contacts. All involved are now in quarantine and will return to school based on the [protocols outlined here](#). As a reminder, household members of close contacts do not need to quarantine and can keep going to school. Quarantined students will continue with their schoolwork from home using our [Schoology](#) learning management system.
