Wednesday, Jan. 27

- North View Elementary: A student has tested positive. After conducting contact tracing, we have identified 10 other close contacts. All involved are now in quarantine and will return to school based on the [protocols outlined here](#). As a reminder, household members of close contacts do not need to quarantine and can keep going to school. Quarantined students will continue with their schoolwork from home using our [Schoology](#) learning management system.
- East Washington Academy: A staff member has tested positive. After conducting contact tracing, we have identified 17 other close contacts. All involved are now in quarantine and will return to school based on the [protocols outlined here](#). As a reminder, household members of close contacts do not need to quarantine and can keep going to school. Quarantined students will continue with their schoolwork from home using our [Schoology](#) learning management system.
- Southside Middle: A staff member has tested positive. After conducting contact tracing, we have identified nine other close contacts. All involved are now in quarantine and will return to school based on the [protocols outlined here](#). As a reminder, household members of close contacts do not need to quarantine and can keep going to school. Quarantined students will continue with their schoolwork from home using our [Schoology](#) learning management system.
- Central High School: A student has tested positive. After conducting contact tracing, we have identified five other close contacts. All involved are now in quarantine and will return to school based on the [protocols outlined here](#). As a reminder, household members of close contacts do not need to quarantine and can keep going to school. Quarantined students will continue with their schoolwork from home using our [Schoology](#) learning management system.
