Friday, Jan. 8

- Central High School: A student has tested positive. After conducting contact tracing, we have identified seven other close contacts. All involved are now in quarantine and will return to school based on the [protocols outlined here](#). As a reminder, household members of close contacts do not need to quarantine and can keep going to school. Quarantined students will continue with their schoolwork from home using our [Schoology](#) learning management system.
- East Washington Academy: A teacher has tested positive. After conducting contact tracing, we have identified 18 students as close contacts. All involved are now in quarantine and will return to school based on the [protocols outlined here](#). As a reminder, household members of close contacts do not need to quarantine and can keep going to school. Quarantined students will continue with their schoolwork from home using our [Schoology](#) learning management system.
- Southside Middle School: A teacher has tested positive. After conducting contact tracing, we have identified 35 others as close contacts – 31 students and four other staff members. All involved are now in quarantine and will return to school based on the [protocols outlined here](#). As a reminder, household members of close contacts do not need to quarantine and can keep going to school. Quarantined students will continue with their schoolwork from home using our [Schoology](#) learning management system.
- Muncie Area Career Center: Two students from Delta High School have tested positive. After conducting contact tracing, we have determined there are no close contacts. Both of the students are now in quarantine. As a reminder, household members of close contacts do not need to quarantine and can keep going to school.
