Monday, Oct. 19

- Muncie Area Career Center: Two students have tested positive. After conducting contact tracing on both of these students, we have identified two other students as close contacts and all involved are now on quarantine. None of these students attend Central High School in MCS, but all will return to the MACC based on the [protocols outlined here](#).
- Central High School: Two students have tested positive. After conducting contact tracing, we have identified only one other student as a close contact. All students are now in quarantine and will return to school based on the [protocols outlined here](#). As a reminder, household members of close contacts do not need to be quarantined and can keep going to school. Quarantined students will continue with their schoolwork from home using our [Schoology](#) learning management system.
