Friday, Oct. 2

- Grissom Elementary: A student has tested positive. After conducting contact tracing, we have identified 16 other students and one teacher as close contacts. They are all now on quarantine for 14 days as outlined in the MCS [Reopening Plan](#). As a reminder, siblings of close contacts do not need to be quarantined and can keep going to school. Quarantined students will continue with their schoolwork from home using our [Schoology](#) learning management system.
