Wednesday, Oct. 21

- Central High School: Three more students have tested positive. These students were close contacts of another student who previously tested positive. Since they have not been in school since before Fall break began Oct. 10, there are no other close contacts and will return to school based on the [protocols outlined here](#). As a reminder, household members of close contacts do not need to be quarantined and can keep going to school. Quarantined students will continue with their schoolwork from home using our [Schoology](#) learning management system.
