### Tuesday, Dec. 22

- Muncie Area Career Center: A student from Cowan High School has tested positive. After conducting contact tracing, we have identified seven other students as close contacts and all involved are now in quarantine. Of the students who are close contacts, two attend Muncie Central HS, two attend Yorktown HS, two attend Blackford HS and one attends Burriss. As a reminder, household members of close contacts do not need to quarantine and can keep going to school. The Muncie Central HS students involved will return to school based on the [protocols outlined here](#) and continue with their schoolwork from home using our [Schology](#) learning management system.
