Thursday, Dec. 3

- Central High School: A student who is a member of the boys basketball team has tested positive. After conducting contact tracing, we have identified 17 others as close contacts – four coaches and 13 other students. All involved are now in quarantine and will return to school based on the [protocols outlined here](#) – all eligible to return Dec. 7. All boys basketball activities are suspended until then. As a reminder, household members of close contacts do not need to quarantine and can keep going to school. Quarantined students will continue with their schoolwork from home using our [Schoolology](#) learning management system.
