Wednesday, Dec. 9

- Grissom Elementary: A student has tested positive. After conducting contact tracing, we have identified two other close contacts. The students are now in quarantine and will return to school based on the [protocols outlined here](#). As a reminder, household members of close contacts do not need to quarantine and can keep going to school. Quarantined students will continue with their schoolwork from home using our [Schoology](#) learning management system.
- Central High School: A teacher has tested positive. After conducting contact tracing, we have found two other close contacts. Everyone involved is now in quarantine and will return to school based on the [protocols outlined here](#). As a reminder, household members of close contacts do not need to quarantine and can keep going to school. Quarantined students will continue with their schoolwork from home using our [Schoology](#) learning management system.
- Muncie Area Career Center: A student from Yorktown High School has tested positive. After conducting contact tracing, we have identified five other students as close contacts and all involved are now in quarantine. Of the students who are close contacts, three attend Wapahani HS and two attend Yorktown HS. As a reminder, household members of close contacts do not need to quarantine and can keep going to school.
- West View Elementary: A staff member has tested positive. After conducting contact tracing, we have identified one other close contact. The two people are now in quarantine and will return to school based on the [protocols outlined here](#). As a reminder, household members of close contacts do not need to quarantine and can keep going to school. Quarantined students will continue with their schoolwork from home using our [Schoology](#) learning management system.
