

To Whom it May Concern,

The YMCA of Muncie has an exciting opportunity for students in our community called Level Up. The mission of Level Up is to give tweens and teens a safe place to hang out and at the same time, level the playing field for youth that face adversity.

Every Sunday from 2-4pm, we host Level Up at the Downtown YMCA. We provide a meal each week and plan a fun activity but the rest of the program runs mostly on its own. Why? Because the tweens and teens who come to our program simply want a safe place to be themselves and enjoy the activities they like. We're thrilled to be able to provide that space for them but step out of the way and let them thrive.

Our goal is to encourage tweens and teens to set goals and make decisions about their future by exposing them to experiences that expand their leadership skills, character development, and empathy. This program is free to all participants and we welcome all students regardless of financial background, race, school, or neighborhood. We want to be a place where all students in our community get the chance to learn and have fun together!

Students apart of the Level Up program will also have complete access to our Study Space at the Downtown YMCA. This space is made for students to come and study, work on homework and access free tutoring. We've made the space with students in mind and have placed school supplies, subject-based reference sheets, and anything else students may need in the space. We welcome students to use our space anytime the YMCA is open and if they ever need specific tutoring we would love to arrange that for them.

Even though the program is completely free, we do still require sign ups so we can ensure we have enough supplies and meals for those attending. To sign up, use the QR code to access our registration form.

Spots are limited so please encourage students to sign up today! We look forward to serving them!
