

Introduction Letter for Parents

Dear Parents/Guardians,

Muncie Community Schools is continuing to use Schoology, an integrated learning management solution that provides course management, mobile learning, and support for system-wide communication. Schoology enables our students, parents and teachers to engage with learning materials and their school community from the classroom and beyond. We look forward to using Schoology in our classrooms even more this school year to enhance connectivity and communication across our Muncie Community Schools.

With Schoology, students can digitally submit homework assignments, review grades, participate in interactive discussions, receive announcements and feedback, take tests, write academic blogs, and more. As a parent, you will be able to view your child's activity within the platform.

You and your child will be given a Parent Access Code by your child's teacher to access the Muncie Community Schools Schoology system. We value your participation in your child's education, and we encourage you to read Schoology's Privacy Policy & Terms of Use at <https://www.schoology.com/privacy>. Student progress and activity will be monitored by faculty to ensure a safe, secure, and controlled environment.

[Click here](#) to see instructions on how to create, log into, and use your Schoology account using your Parent Access Code. Secondary students with multiple teachers need only **one** access code for parents to be able to see all of a students' courses.

If you have questions or feedback regarding Schoology, please email us at **MCS.instructionalcoach@muncieschools.org**

Sincerely,
Muncie Community Schools Instructional Technology Coach
